EDGAR IVÁN NÚÑEZ CASTAÑÓN

COMPUTER SYSTEMS ENGINEER

PERSONAL PROFILE

Computer Systems Engineer. I have a medium/high english level and a basic german level; I have knowledge and experience on networks, relational and no relational databases, software, web and mobile development. I like team work and I can work in every role. I am a communicative, kind, dedicated and responsible person; I always want to learn and give my best.

WORK EXPERIENCE

Zigzag Mobile App

Centro Interactivo de Ciencia y Tecnología de Zacatecas "Zigzag" | January 2023 - June 2023

- I designed and programmed a mobile app to show information about the Zigzag museum and allows you to buy tickets to enter.

Programmer and Designer

Instituto Tecnológico de Zacatecas | August 2022 - December 2022

- I designed and programmed a web system to collect data from new students through forms.

Network Installation and Maintenance

Instituto Tecnológico de Zacatecas | August 2021 - July 2022

- I installed several access points, routers and network segments.
- I performed administration and maintenance on switches, routers and computer equipment.

Analyst - SmartVet

Smart Lines | August 2020 - July 2021

- We made a web system for the management of a veterinary.
- I designed the specification of requirements for the programmers.
- I presented technical documentation for subsequent maintenance and user manuals for the entire system.
